List any other breeds that you are currently breeding:

As the UKC National Breed Club for the Coton de Tulear, the NACA encourages all our Breeders to register their Cotons with the United Kennel Club. NACA COE Breeders have a unique role as Club ambassadors and guardians of the breed within the UKC. For this reason, NACA COE Breeders' support of our National Breed Club status, via UKC registrations, is appreciated!

Upon acceptance you will be listed on the NACA website "COE Breeders" page. Your listing will include a web page with information about your kennel and a link to your own website. Content for this page includes your contact information and a logo/photo that you provide. In return you must display a link on your own website to the NACA website that is clearly visible. This gives both of us better visibility on the internet! NACA will list any upcoming litter availability upon request on the "COE Breeders" page.

Dues payments and Breeder Directory Listing fees are for the calendar year and are not prorated.

Please mail your payment to:

" I understand and agree to uphold and promote the UKC's Standard for the Coton de Tulear. In signing this agreement, I understand that a violation of the requirements for Code of Ethics will result in possible removal from the Breeder's Directory and/or possible suspension of all Club privileges following the disciplinary procedures, as set forth in the Bylaws of the North American Coton Association or other disciplinary procedures outlined in the Code of Ethics."
